Professional Licensure or Certification Disclosure

Post-Professional Doctor of Physical Therapy (PPDPT)

The Post-Professional Doctor of Physical Therapy degree is designed for:

- 1. **U.S. licensed physical therapists** who wish to attain a transitional Doctor of Physical Therapy degree as their initial graduation was not at the doctoral level.
- 2. **Foreign-educated physical therapists** who do not meet U.S. requirements to be licensed in any state as they have not graduated from a CAPTE accredited physical therapy program. Participants will have gram. Pd gra al
